# Tank San

**BIODEGRADABLE HEAVY DUTY TANK CLEANING POWDER  
(SAFE FOR USE ON ALUMINIUM, ZINC, COPPER, TIN, BRASS, GALVANIZED, GLASS FIBRE, PLASTIC, ETC.)**

## **DESCRIPTION**

**An off white free flowing powder. It contains mild Alkalies, Emulsifiers, Dispersants, Wetting Agents, Penetrating Compounds and Corrosion Inhibitors. It is biodegradable, non-toxic, does not contain any caustic compounds and is completely and easily rinse-able.**

## **Application:**

Tank San is ideal for the cleaning of equipment, high pressure steam cleaning & manual cleaning. This product is able to remove scale, dust and residues from equipment, tanks & containers.

## **Directions:**

100 gram per 100 ℓ water

## **Steps to Follow:**

- Dissolve **TANK SAN** in part of the final water
- Agitate thoroughly
- Leave cleaning solution overnight in equipment
- Pump Solution through boom or spray hose
- Rinse with fresh water
